LOCAL MATTERS. ALLEGED ELECTION FRAUDS.

THREE CONSERVATIVE JUDGES BE

FORE THE POLICE COURT. THEIR CASES CONTINUED.

A Complaint from Col. Normand Smith.

Messrs. James Macdougal, John Marxbausen, and James S. Morrison, charged with violating the election law at the First precinct in Jefferson Ward on Tuesday last went before the Police Court for examination yesterday morning. The court-room was so densely packed with spectators serious fears were entertained that the floor would give away, and, by order of the Police Justice, Sergeant Chalkley compelled all persons not witnesses or members of the bar to retire. The accused were represented by Major Ro. Stiles and Messrs. C. V. Meredith, S. M. Page, and W. L. Royall. Judge Robert Ould, of their counsel, was engaged at his office, but was ready to leave and go to the court-room should his services be de manded. The complainants were repre sented by Mr. John S. Wise, General J. D. Imboden, and Mr. James Neeson. Mr. E. C. Cabell, Commonwealth's Attorney, was present, but took no active part in the pro- and he neglected, declined, or refused to give ceedings.

Mr. Merrison was charged with tell. giving colored men counterfeit Independent M tickets. After their arrival at the court-room Messrs. Macdougal and Marxbausen were MERINO and ALL-WOOL HOSE and HALF- with misdemeanor, under section 42 of chap- responsible position of chairman of the ter 8 of the Code, in relation to corrupt con- House Committee on Constitutional Amendfficers. This warrant was issued by Justice Crew on Wednesday evening, after the others, but was not served at that time because the accused had already given bail for their appearance, and it was not desired to subject them to the fresh an-

novance of finding surety. About thirty white and about forty colored men, who are under the impression that they voted the Independent ticket at Macdougal's precinct, were present as witnesses for the prosecution. Some four or five witnesses for the defence were also called. Mr. E. J. Vaiden, who was the Independent judge at the precinct, and whose clear and satisfactory certificate of the houesty of the count has already been published was summoned as a witness for the prosecu

Major Stiles, on behalf of the accused asked that the case be continued until next week in order that counsel for defence might have time to examine the law and to find out what witnesses it would probably be necessary for them to summon.

Justice White suggested that it would be well to go on now if possible. Mr. Wise objected to a continuance on the ground that the witnesses were nearly all

present, and were losing time from busi-

Major Stiles named next Tuesday as a day that would suit the defence, and urged a

continuance until that time. Mr. Wise claimed that a continuance was not a matter of right. He would like to see an affidavit as to the necessity for a continuunce of these cases. There were other precincts they proposed to investigate, and he confessed that it was desirable to get through

one job before commencing another. Mr. Meredith very clearly showed that according to the practice of the Police Court they were entitled to a continuance. After further discussion by Messrs. Wise and Stiles, Thursday next was fixed upon as the day for the examination of the cases. Tuesday, as first named, did not suit Mr. Cabell, the Commonwealth's attorney, who

Mr. Wise now demanded access to the re ristration-book which had been used by Mr. McDougal on the day of efection and been produced in court in obedience to the subana duces tecum directed against Mr. Macdougal. Mr. Wise desired to ascertain the esidences of certain voters whom he wished

o have summoned as witnesses. Counsel for accused entertained some doubt whether Mr. Macdougal could thus be compelled to furnish information against himself, but the Police Justice said the book was a public record, and counsel for defence then quiesced in Mr. Wise's demand.

Accused were admitted to bail in the sun 185.000 each. Mr. George D. Thaxton unlertook for Mr. Macdongal, Messrs. G. Guvernator and Ben. R. Lipscomb for Mr. Marx-hausen, and Messrs. James M. Tyler and Charles Simpson for Mr. Morrison.

Both sides were diligently engaged in col-ecting evidence yesterday. The prosecution will have on hand next Thursday about one bundred and thirty witnesses to prove that seconding to the best of their knowledge and bellar they voted the Jadependent ticket. On the other hand, the judges will be able to show by Mr. Vaiden, for he has so stated to many different persons, wesides putting it in writing, and by other testimony, that so far were concerned the law was strictly

We are informed that the accused will hereafter have the beneat of the counsel of Judge Robert Oold, Judge W. W. Crump. Major Legs R. Page, W. L. Royall, C. V. Meredith, and Samuel M. Page. The latter is the senior counsel for Mr. Merrison.

Since Tuesday complaints have been frequently heard from true friends of Colonel Normand Smith that his interests at the election were unfairly sacrificed, and the contract with him rudely broken by the Indetract with him rudely broken by the Ind pendents. Desiring to fearn the truth, a reporter of this paper yesterday evening visited Colonel Smith at his residence, about two
miles below the city, and had a conversation
with him on the subject.

Colonel Smith did not hecitate to say that

Golonel Smith stated that he was regularly nominated for the Senate by the Republi cans of Henrico. After some time, seeing nawha Canat. ized, and receiving no overtures from the ELECTION OF OFFICERS, &c. Independents, he wrote a letter to Judge Alfred Morion, of the Republican City Central Committee, announcing

he had determined to withdraw from his candidacy, but would go to the county and lend his exertions to the election the House ticket. Two or three days afterwards, upon the representation of Judge Alfred Morton that he (Judge Morton) had seen the Inderendent committee, and that the latter would put his (Colonel Smith's name on their ticket in the city, Colone Smith determined to remain in the field. It was clearly understood by Colonel Smith that Judge Morton had agreed with the Independents' committee that his (Smith's) name hould go on the Independent city ticket, and that the names of the Independents should go on his (Smith's) county ticket.

Colonel Smith represents that his part of he agreement was honestly and conscientiously carried out, and points to the fact that in the county Knight received 1,539 votes to 1,440 cast for himself, while in the city Knight got 4.261 and he only 2,068 votes. This great discrepancy in Richmond Knight and P. H. Starke for the Senate, and the other with the names of W. C. Colonel Smith assured our reporter that early on the day of election be discovered the wrong done him, and that he returned home from the city fully convinced that be was defeated, because the compact by which he alone was induced to remain in the field,

when he desired to retire, was disregarded. Thus it appeared that the Independents, by means of their " peculiar" tickets, got all of Colonel Smith's strength, while they not only failed to give him theirs, but kept him this company to issue construction-bonds for out of much of his own, as colored men who could not read often voted the Independent ticket which bad not his name upon it. .

MORE ABOUT THE VOTING. It was stated on yesterday to a Dispatch reporter by a prominent Republican that Mr. William Taylor, the Independent candidate for the House, lost his election by refusing to contribute \$100 to the Republican county committee's campaign fund. They asked of him a contribution, our informant said t, and in consequence some dozen Republicans voted against him. Mr. Dooley during the last session of the served with another warrant, charging them General Assembly occupied the high and nents and as such reported the amendment proposing to make conviction of petit larceny a suffrage disqualification. This was extensively used against him in Jackson Ward on the day of election among ignorant negroes, and many of them in consequence "scratched" his name. REPORT. The report of the Board of Directors. prepared by Colonel Carrington, president of the company, was referred on Wednesday to a special committee. Mr. Williams, from the special committee, presented the

fellowing report: To the Stockholders of the James River and Kanarcha Company: The committee appointed to take into consideration the report of the President and ecompanying documents, and the several

subjects referred to them, unanimously and respectfully report the following resolutions: 1. Resolved, That it is the true policy of this company to speedily complete its connection with the Chesapeake and Ohio railarose, as Colonei Smith thinks, from the In- road by an extension of the canal to a point dependents omitting his name from half of at or near Clifton Forge. > 3. Resolved, As a further means of speed. ily completing this improvement, and of putting the whole line of capal into more successful and profitable operation, that the president and directors be instructed to seek the passage of such laws as will authorize the extension of the canal to connect with the Chesapeake and Oblo railroad at or near Clifton Forge, and to improve the navigation of the existing canal (provided the sum expended in the improvement of the existing canal shall not exceed the sum of one hundred and seventy-five thousand dollars, that being about the amount named in the president's report as necessary for this purpose), and, if practicable, to substitute the said construction-bonds for the second-mortgage bonds beretofore issued; that the said construction-bonds should be secured by a mortgage of the property and franchises of the company, such security, in the opinion of the committee, being alone amply suffi-

cient to give them a fair market value. 4. Resolved, That the president and directors be instructed to petition the Legislature of Virginia at its next session to repeal all laws looking to the transfer or cession of Twist. 5. Resolved, That as this committee has neither the time nor sufficient material to enable them to report upon the general condition and finances of the company, it is recommended that a committee of three, one of whom shall be a State proxy, be appointed by the chairman, whose duty it shall be to make a personal inspection of the whole line of the canal, a thorough examination into the condition, management, and resources of the company, and make a report to an adjourned meeting of the stockholders, to be held in the city of Richmond on the first Wednesday in February, 1876, at 11 o'clock A. M., and that the expenses of said committee be paid by the treasurer of the company.

6. Resolved. That the president and directors be requested to cause to be printed, not less than ten days before the annual meetings of the stockbolders, their reports and accompanying financial statements, and to forward by mail to each proxy of the State and of the cities of Richmond and Lynchburg a copy of the same, and to furnish to other stockholders applying a copy of the same; and that the proceedings of the meetings of the stockholders be also printed as early as practicable after the ad-

journment thereof. 7. Resolved, That the by-laws of the com pany be so amended as to provide for the payment of the actual expenses of the directors while attending any meeting of their Board or other business of the committee.

All of which is respectfully submitted. JOHN A. MEREDITH, FRANK G. RUFFIN,

W. B. ROBERTSON Mr. Williams having read the report made a brief explanation to the stockholders of the reasons which induced the committee to adopt the above several resolutions.

The report of the committee was received, and on motion of Mr. Higgins, of Richmond, the resolutions were adopted seriatim, except the fourth resolution, which, on motion, was voted down.

THE CANAL AND THE C. AND O. R. R. During the consideration of the report discussion arose as to the probability of the Chesapeake and Ohio railroad refusing to allow any of the coal from the West to be transferred at Clifton Forge to the canal. This view of the matter was taken by Mr. Ellis. Other stockholders contended that the Chesapeake and Ohlo road would be enabled to transfer four times as much coal to Clifton Forge as it could possibly do to Richmond and it would therefore be much more to the interest of the road to bring the coal to that point. Besides this, by the very terms of their charter they would be compelled to

Dr. Morris, of Lynchburg, stated that the Chesapeake and Ohio railroad was eyen now bringing to this city eighty car-loads of coal per day. Taking three hundred working days to the year, the road would bring to Richmond 24,000 car-loads of cost, or 240, 000 tons. This quantity would of course be Mr. Straus stated that the city of Bich-

"Withour fear of contradiction, the per-formances of Callender's Georgia Minstels, at Beethoven Hall, may be pronounced the best minstrel entertainment ever given in this city. There is a freshness and completeness about the whole which entitles them to the fullest praise. The fun is unlimited and continuous, and refinemen marks every portion of the entertalument. We do not remember to have seen an audience more delighted than was last night's assemblage. As for the whole evening's enjoyment it may be characterized as novel from the fact that it is native and not imitative, commendable because it is wholly refined, and most pleasant because it is artistic. * * * The company has taken the city by storm. Again, last night, there was not even standing-room. The best there was not even standing room. The bes songs we have ever heard from minstrels are given every evening.
